

Lactation Support Policy

Sample Policy Document

This document is anonymized sample content for demonstration purposes.
It does not reference a real company, institution, client, person, or location.

Policy Statement

The organization provides reasonable lactation support for eligible workers. Support may include break time and access to a private, non-bathroom space for expressing milk.

Process

Workers may request lactation support through human resources or their manager. Requests are handled promptly and confidentially.

Non-Retaliation

The organization prohibits retaliation against workers who request or use lactation support.

Administration

Questions about this sample policy may be directed to the human resources team.
